

## ***Parish Revitalization Committee Report***

To His Grace, Bishop Mark, to the Very Reverend, and Reverend Fathers, the Faithful Deacons, and my brothers and sisters in Christ of the 52<sup>nd</sup> Diocesan Assembly of the Diocese of Philadelphia & Eastern Pennsylvania:

### ***Glory to Jesus Christ!***

In 2014 the “committee” did not actively meet. With the blessing of His Grace, Bishop Mark, the committee was effectively dissolved, and as chairman, I synthesized the main points of discussion, and put together a presentation for any parish interested in an introduction to the Parish Health Inventory Model (P.H.I.M.), as well as a PowerPoint presentation on Church Growth/Revitalization.

Last year I was invited to, and spoke in, 3 Dioceses, 6 parishes, 2 cathedrals and at one Diocesan Assembly. I am more than willing to come and offer some reflections on practical things any community can do to foster health and growth. My PowerPoint presentation is about an hour and a half long, and gives the history of Holy Apostles Mission (Mechanicsburg, PA), and offers some practical suggestions of things that were and are helpful in the ongoing growth of this parish.

Respectfully Submitted,

Fr. Timothy Hojnicky, Chair
